

# Croncher Urgent Message

The snow may not be here yet, and it may still be rather hot, but it isn't too early to start planning for the snow season.

The Warming Hut has been a great addition to the Club and a great success but..... why not make a good thing even better. So... we would like to build a deck on the Hut and maybe add a table or two. The porta-potti has been known to blow over in the occasional "breeze" that howls there and begin a slow descent down the trail so a deck or platform that the porta-potti could be attached to would also be nice. Fortunately, to date all porta-potti launches have been unoccupied events but that could change so..... What we are looking for:

*A volunteer who could head up such a task and solicit the help of some other volunteers to build these improvements. Any and all expenses for materials will be supplied by the club, we just need someone to help get the job done.*

So, become an active Croncher and step forward for this challenging opportunity. The starting salary is such that you will be starting at the same pay scale as the President and all the other Club Officers. Don't miss this opportunity.

Please contact any of us by email, phone, or in person. All address and phone numbers are in the contact section of our website.

THANKS!!!!!!!!!!!!!!!!!!!!!!
